Dear Ms. Rao,

The Massachusetts Bays Program/Eight Towns and the Bay (8T&B) Committee fully endorses the recently completed Five Year Parker River Action Plan for 2006-2010. As a member of the Parker Watershed Action Plan steering committee we have been involved in the development of the plan for the Parker River Watershed. This watershed encompasses several key communities in the Eight Towns and the Bay area. The plan will be considerable help to us in prioritizing our environmental enhancement and mitigation activities in the region.

We look forward to the plan's full endorsement from the Executive Office of Environmental Affairs (EOEA) and anticipate funding assistance from EOEA to aid in addressing many of the recommended tasks.

Sincerely,

Peter Phippen
Coastal Coordinator

Dear Ms. Rao,

The Town of Boxford Conservation Department is pleased to endorse the recently completed Five Year Parker River Action Plan for 2006-2010. Our Office was involved in the creation of the plan as a member of the Parker Watershed Action Plan steering committee. The plan will help prioritize environmental enhancement and mitigation activities in the region.

We respectfully urge the Executive Office of Environmental Affairs to accept the Parker River Action Plan. We also hope that additional funding will be made available to implement the priorities in the plan. Thank you for your consideration.

Sincerely,

Ross Povenmire
Director of Conservation
